WELCOME TO ZAO!!

(1) Thank you for coming to Zao Onsen Ski Resort.
(2) There are four languages (English, Korean, Chinese and Japanese) available to assist you in navigating your way around the slopes; please make a或olvement of the map at your own discretion.
(3) The slope maps are numbered showing the location and unlocking sites of the ski slope ropeway lifts, so please use them as a reference.
(4) The happy hour of each ropeway lift is posted at each lift. There is a chance of different types of lifts at each lift's location.
(5) There is an 800 meter difference between the highest and lowest peaks of Zao ski course. There is a large difference in weather and temperature between the bottom and top of the slope. Please be cautious and dress appropriately with plenty of warm gear.
(6) Skiing is a sport surrounded by nature. This means that weather conditions change the conditions of snow and visibility, and those and other objects may become a hazard. We ask you to use your best judgment and pay attention to conditions around you.
(7) Please stay on the marked courses while going down the slopes. Pay careful attention to the signs and in the case of an accident, contact a lift personnel or ski patrol.
